

Personalized Primary Care

Dr. James G. Scelfo was born and raised in New Iberia, Louisiana as the youngest of eight children to Sam and Sidney Mae Scelfo. As the son of a football coach and a high school teacher, he was raised in a small town environment with a strong sense of family and community. Through Personalized Primary Care, he is bringing these ideals to the health care community of Celebration and Central Florida.

Dr. Scelfo graduated from Northeast Louisiana University and Louisiana State University Medical Center. He completed his medical training in Orlando with a special interest in family medicine. Dr. Scelfo is an active member of the American Academy of Family Practice, Florida Academy of Family Practice and the American College of Sports Medicine. He is the Medical Director of Disney Endurance Sports and provides medical coverage and consultation for Florida Citrus Sports covering events such as the Gridiron Classic, the Citrus Bowl and the Tangerine Bowl. Dr. Scelfo participates with the Florida State University of Medicine as a clinical assistant professor. He continues to remain on the cutting edge of medical technology to focus on prevention, diagnosis and management of disease. In his free time, Dr. Scelfo maintains an active lifestyle and enjoys jogging, reading and playing a poor game of golf. He feels his most important accomplishment is being the husband to Bae and father to son Torr (2 years) and twin girls Alon and Alafair (9 months).

Pediatric Dentistry

Dr. Jason J. Sotto, of Pediatric Dentistry in Winter Garden, has been practicing as a board-certified pediatric dentist for more than three years in Central Florida. He earned his degree from the University of Florida College of Dentistry, where he also completed his two-year residency. He received his certificate in pediatric dentistry from the University of Florida's Department of Pediatric Dentistry.

Dr. Sotto is a member of the American Academy of Pediatric Dentistry, the American Dental Association, the Florida Dental Association, Southeast Society of Pediatric Dentistry, the Florida Academy of Pediatric Dentistry and the Greater Orlando Dental Association.

Seeing his father and grandfather's passion for dentistry motivated Dr. Sotto to follow in their footsteps and become a dentist. Participating in two international dental mission trips helped him to realize that he had a talent for making children feel comfortable during their treatment. These trips are what led him to the field of pediatric dentistry.

Dr. Sotto uses behavior management to treat most of his patients. He has a gift and is able to make dental visits easy and fun. It is extremely important to Dr. Sotto to treat his patients how he would expect his own children to be treated.

In his spare time, Dr. Sotto enjoys spending time with his wife and three children. He likes to fish, play basketball and go to the beach.
